

Domain Name Redemption Form

The Domain Redemption Form is used to recover a domain from the registry's Redemption period.

Recovering a domain from redemption will restore the domain to an Active or OK status and extend the domain registration period by 1 year. There are administrative fees applied by the registry, these fees include restoring the domain and its renewal for 1 year.

If you do not wish to complete restoration of your domain it will be purged from the registry 35 days after the commencement of the redemption period.

Please note that while Vodien will make every effort to complete domain redemption within the registry grace period, submission does not guarantee redemption as it is subject to certain time constraints and registry approval.
